Advice & Support Services

Legal Advice

Headway East Sussex is able to provide free legal advice through our association with ASB Law LLP.

If an individual with a brain injury or their family members have any legal issues that they would like help with they can be referred to our Advice and Support Service who will pass them onto our legal advisor. The legal advisor will then make contact with them direct. This advice is offered free of charge via the Headway East Sussex' legal clinic.

ASB Law are not personal injury solicitors therefore should the individual or family member need support regarding that type of claim they will be provided with the Headway UK Approved Solicitor list. This information will also be provided where the individual or their family need ongoing legal advice and support.

There is absolutely no obligation to use ASB Law or any other solicitor on the approved list.

All information is kept strictly confidential.

Advice may include matters relating to the topics listed below, although this list is not exhaustive: -

- Finances and debts
- Court of Protection or Power of Attorney
- Employment
- Funding for the brain injured person's care
- Immigration
- Family issues
- Benefits
